## President's Message

After a two month break, I am looking forward to starting our new year. The executive board is working hard to plan a great year for the Northeast Georgia Chapter around the idea that we all strive to be our client or employer's "Most Trusted Advisor". We have talked about what kind of knowledge and information it takes to help us be the go to person for the people we work for and with. We hope that the CPE planned throughout the year will be helpful to you in your daily work.

Our first meeting is coming up this month on August 21, and our own Scott Collins is going to talk to us about assisting our clients with long term care insurance and disability insurance. Many of us have clients that are dealing with older parents and long term care insurance can be a critical piece of the puzzle in these cases. Disability insurance is also important, but is often overlooked by many people. These are two areas that can profoundly impact not only our clients/employers, but each of us individually as well.

We will once again have door prizes – to add some fun to our event.

I look forward to seeing you on the 21st.

Lee Ellen Fields
