## President's Message

It was good to see everyone at our September meeting. Galina Alexeenko, from the Federal Reserve, gave a great presentation on the current economic situation.

Our October meeting will be held in Gainesville at the Georgia Mountain Center. This will be our annual student night meeting. We have an interesting panel lined up and based on last year's attendance, we are looking forward to meeting lots of students.

Please RSVP and try and encourage other members you know to come. We have a very large chapter and would love to see as many of our members there as possible.

Also, please go ahead and mark your calendar for CPE Day. It will be Tuesday, November 11, at the Thurmond McRae Hall at Brenau. A CPE Day registration form will be sent out shortly.

More door prizes will be given away!

I look forward to seeing you on the 14th.

Lee Ellen Fields
