

Want a Free copy of Microsoft Office 2007?

Each attendee of these upcoming GSCPA technology CPE courses will receive a free copy of Microsoft Office 2007 Small Business (SRP \$449.95) absolutely free. This Microsoft Office bundle includes:

1. Excel 2007
2. Word 2007
3. Outlook 2007
4. Business Contact Manager 2007
5. PowerPoint 2007
6. Publisher 2007
7. Office Accounting Express 2008

At the conclusion of each course each attendee will receive a printed web site address and license number that they can use to download and install a full licensed copy of the product. This procedure allows attendees to obtain the product immediately. *(The complete download process takes about 8 minutes using high speed Internet.)*

This free software offer applies to the following CPE courses:

05001	Technology Symposium	May 26, 2009	Brunswick, GA
06001	Excel for CPAs	June 2, 2009	Duluth, GA
06003	Excel for Advanced Users	June 3, 2009	Alpharetta, GA
06025	Excel for CPAS	June 29, 2009	Dalton, GA

These CPE courses are terrific crowd pleasers which receive very high ratings and very positive comments from CPAs throughout the country. The course instructor – J. Carlton Collins is a highly regarded and nationally recognized instructor who has earned multiple Outstanding Discussion Leader awards. Are you ready to step up to Excel 2007? If so, these CPE courses will help you make a seamless transition to the new product. Learn about Excel 2007's new features such as the following:

1. More columns (16,000 instead of just 256).
2. More rows (1,048,576 instead of just 65,536).
3. Supports more Ram (as much Ram as Windows sees instead of just 1 GB).
4. More microcomputer processors (as many as Windows sees instead of just 1 processor)
5. New and improved menu and toolbar designs that are more efficient.
6. New Data Bar formatting traffic light reporting, sort by color – wow!
7. Now includes “presentation quality” charts, picture effects, and SmartArt.
