

The Georgia Society of CPAs Guide to Accounting Firms in Georgia

Dear Student Member:

The Georgia Society of CPAs provides several opportunities to assist student members in reaching their goal of becoming Certified Public Accountants. This firm guide was designed to bring together qualified individuals and quality public accounting firms throughout Georgia. The 100+ firms listed include contact information, as well as information on firms looking for qualified students (for internships or beginning staff accountants) or individuals looking for part-time, seasonal, or alternative work schedules who may have some prior experience. The Georgia Society of CPAs hopes this will be a valuable resource for you as you prepare for your future.

The Society can also help job candidates in their quest for employment with the web based Career Center. You can search for jobs and post a resume, at no charge, by visiting the Society's web site at www.gspca.org.

Each year the Educational Foundation of the Georgia Society of CPAs, and the Society's chapters provide scholarship opportunities for rising juniors, seniors, and 5th year accounting students. Information on scholarships is available on the Society's web site - www.gscpa.org.

We hope that you take advantage of all the benefits provided by your student membership. As a Society member, you may participate in networking opportunities with CPAs at your local chapter meetings, and/or join a special interest section. If you have any questions, please contact Shelly Grunbaum, Member Services Manager at 800-330-8889 ext. 2956.

Good luck on your endeavor to become a CPA.

Sincerely,

William D. Schneider
GSCPA President, 2006-2007

Student Membership With GSCPA

Why?

Students need to keep up on new developments in the profession and to cultivate relationships with the thousands of CPAs already out there. The Student Membership allows you to do that, plus a whole lot more.

Who can join?

Membership is open to all college students: freshman, sophomores, juniors, seniors, and graduate students. Students must attend a Georgia college or university.

How much does it cost?

GSCPA student members pay a one time fee of \$25. You will never be billed again.

What's in it for me?

Extreme Networking

The GSCPA offers many networking opportunities where students can meet CPAs that will help build their professional network and participate in Society programs that will enhance their resume.

Chapter Participation - Each student may choose a local chapter to join, for no additional cost, based on their location. Student members are invited to all chapter meetings and events. Many local chapters offer educational programs at reduced rates.

Professional Development Seminar - GSCPA student members are invited to attend the annual student banquets held throughout the state. Local professionals in public practice, government, and industry will share the secrets of their success and words of wisdom with attendees. Learn how to make the transition from student to successful accounting professional.

Section Membership - Student members are invited to join the Society's nine special interest sections. Sections give members the opportunity to participate with CPAs who share like interests in common practice areas without regard to time and distance barriers. Membership in a Section is complimentary for all GSCPA members.

Extreme Scholarships

Receive financial assistance from the Educational Foundation of the Georgia Society of CPAs. A variety of scholarships are available for qualified students. Local chapters throughout Georgia also offer scholarships to students.

Extreme Benefits

Student membership is loaded with benefits that far exceed the cost. For only \$25 you receive:

- Welcome package and membership certificate
- Discount on Becker review courses
- Quarterly newsletters
- E-Sources for Students - online communication
- Subscription to Current Accounts - the Society's bi-monthly magazine for today's Georgia CPAs
- Atlanta Business Journal - FREE subscription for four weeks
- Exam Break Packages - special care packages delivered to help get you through final exams
- Access to the GSCPA student web site - www.gscpa.org/students
- Invitation to the Annual Student Banquets
- Opportunity to participate in annual mentor program

How long may I be a student member?

Your student membership may continue up to one year after graduation or until you are employed.
